**SUBJECT: DRAFT ENVIRONMENTAL IMPACT REPORT FOR 2002 ZONE 40 WATER
SUPPLY MASTER PLAN (Control number: 02-PWE-0774)**

The above referenced Draft Environmental Impact Report (DEIR) is attached for your review. Reviewers should focus on the sufficiency of the Environmental Impact Report in discussing possible impacts upon the environment, ways in which adverse effects might be minimized, and alternatives to the proposed project.

Please note that volume 1 of the DEIR contains all the California Environmental Quality Act mandated information and analyses for the subject project. Volume 2 of the DEIR contains the supporting technical appendices for the subject project.

The review period for the DEIR begins on November 10, 2003 and ends on December 24, 2003. Reviewers who wish to comment on this DEIR must submit written comments to this office by Wednesday, December 24, 2003. Failure to do so will not preclude your right to testify at the public hearing before the Board of Directors. A hearing to receive verbal and written comments on the DEIR is scheduled before the Sacramento County Project Planning Commission on Monday, December 8, 2003 at 5:30 pm at the Sacramento County Board of Supervisors chamber, 700 H Street, Room 1450, Sacramento, California.

For questions and comments on this environmental document, please contact Robert Caikoski of this office at (916) 874-7914.

Sincerely,

Robert W. Caikoski
