How to get your toilet/urinal rebate

1. Call your water agency or their representative (phone numbers on application) to see if rebates are available and how much your rebate would be.
2. Purchase and install the new High Efficiency toilet(s). You must be replacing a toilet using 3.5 gallons per flush or a urinal that flushes 3.0 gallons per flush or greater (a non-ULFT) to be eligible.
3. You may install the toilet(s) yourself or hire a licensed contractor.
4. Return the original dated receipt and/or plumber's invoice with the price, model and brand of each toilet listed individually, and the completed application. Keep a copy for your records.
5. Submitting a signed application represents agreement to have your water provider verify installation of the toilet, with your accompaniment. Your water provider (or their representative) may schedule an inspection.
6. Rebates are up to \$175 per toilet for residential and \$200 for commercial. Call your water agency to verify the amount you are eligible for. Total rebate amount will not exceed money spent. Eligible expenses include tank, bowl, seat, supply line, wax ring, caulking, bolts, bolt covers, tax, and cost of professional installation.
7. The water agencies issue rebate checks within eight to ten weeks of receipt of your completed application materials.

Qualifications

1. Purchase of material must occur within the program period of January 1, 2016 to June 30, 2017. The number of rebates is dependent upon the availability of program funds. Call your water purveyor to see if funds are available.
2. Toilet to be replaced was installed prior to 1992.
3. The location of installation must be served by one of the water providers listed on the application.
4. Residential, commercial, industrial, institutional and multi-family applicants are eligible.
5. Replacement of a ULFT with an HET is not eligible for rebate under this program.
6. New construction is not eligible for rebate under this program.

Toilet disposal

You are responsible for the disposal of your old toilet(s).

Permitting

Building permits are not required when a customer simply removes and installs a toilet on existing plumbing. A permit is required when a plumbing fixture will be relocated.

Disclaimer

Your water provider, the Regional Water Authority (RWA), and the Sacramento Regional County Sanitation District (SRCSD) reserve the right to deny an application of any participant who does not meet all requirements as outlined. The RWA, SRCSD, and the water providers reserve the right to change the terms of this program at their discretion. Your water provider, the RWA, and the SRCSD are not responsible for receipts or paperwork lost in the U.S. mail. Participating water providers, the RWA and the SRCSD cannot guarantee that the installation of the ULFTs will result in lower water utility costs. The number of rebates is dependent upon the availability of program funds. Applications will be processed, when all required information is provided by the applicant; on a first-come, first-served basis.
